It’s time for the annual California Healthy Kids Survey (CHKS).

This very important survey is sponsored by the California Department of Education (CDE). It is designed to promote better health and wellness among our youth, improve the school learning environment and combat problems such as drug abuse and violence.

The survey gathers information on developmental supports provided to youth; school connectedness and barriers to learning; school safety and several other considerations.

You may examine the questionnaire in the school office or at the district website bigvalleyschool.org

Each year we have some students whose families find it difficult to cover the costs to have their child participate in the ski program. Each trip costs approximately \$60 per student to receive lessons, equipment rental and a lift pass. If you would like to help a student in need, please reach out to Eric Johnson at ejohnson@bigvalleyschool.org.

Are you interested in being a member of the Big Valley Bullseyes? There will be an initial meeting in January if you are interested. Practices will start in February. Competitions begin in mid-March. If you are interested, please sign up at the high school office.
